Types of "Film Window"

● 3D Window

● Graphic Window

● Movie Window

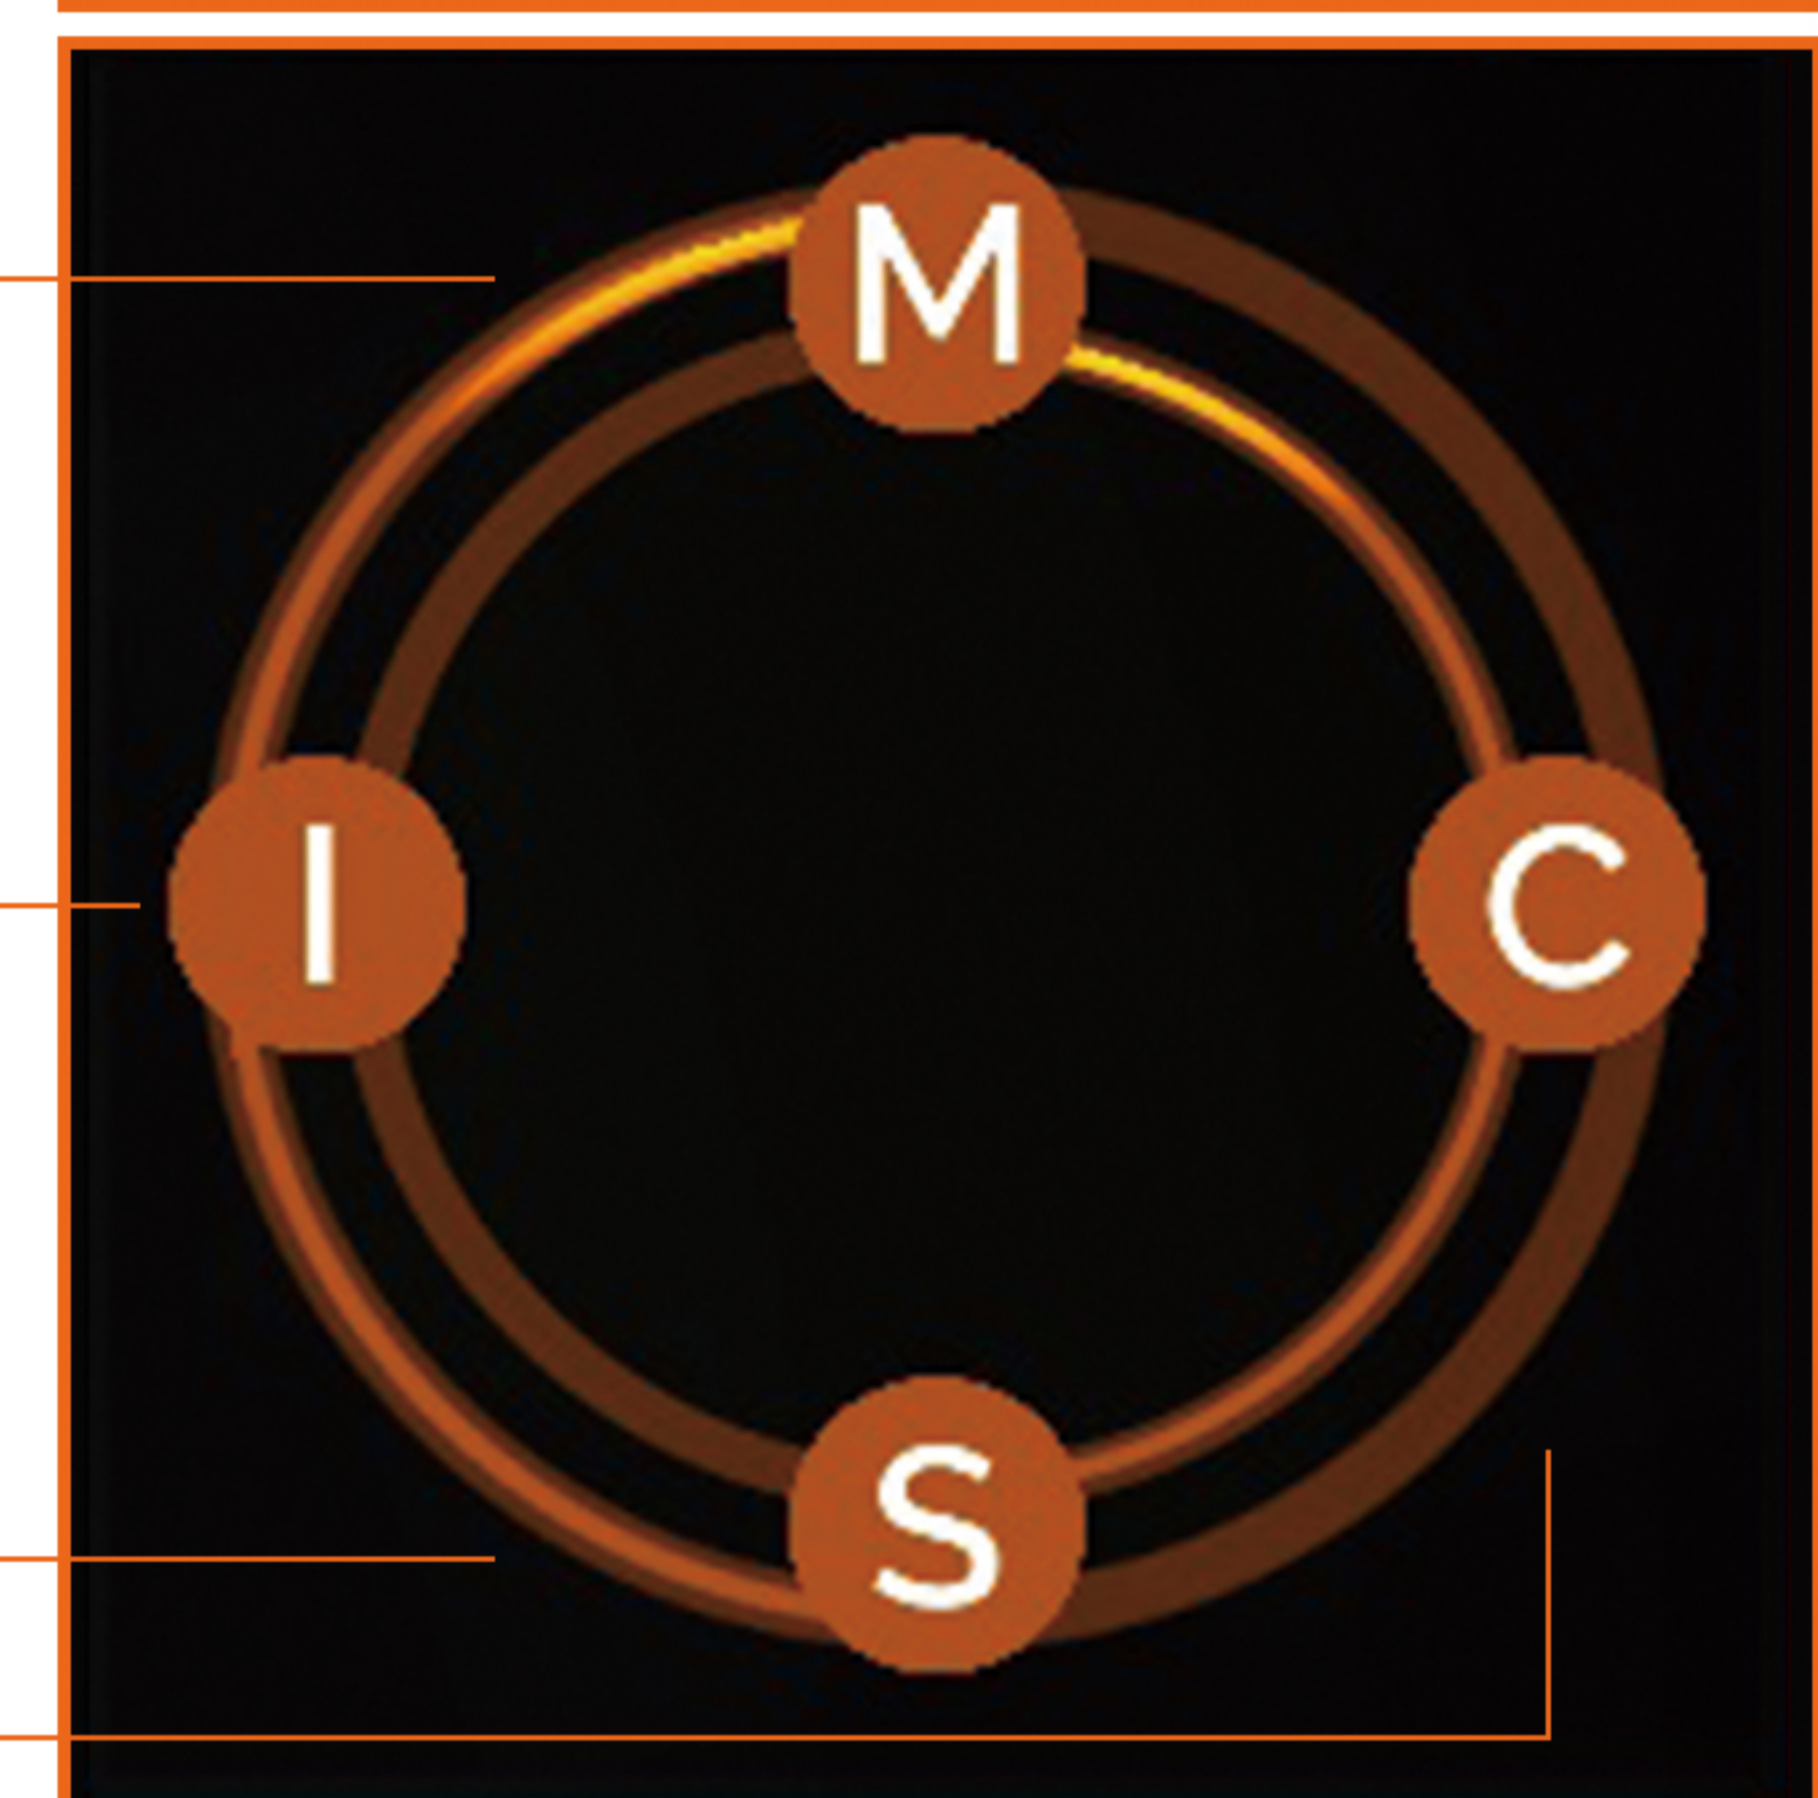

● Text Window

● Menu Window

● Face Window

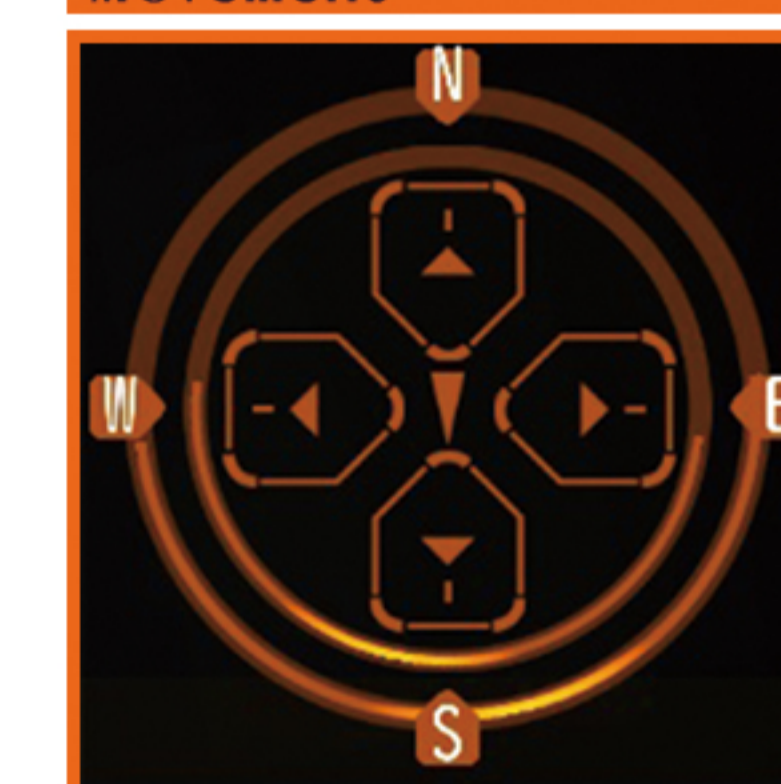

Menu Window

Movement

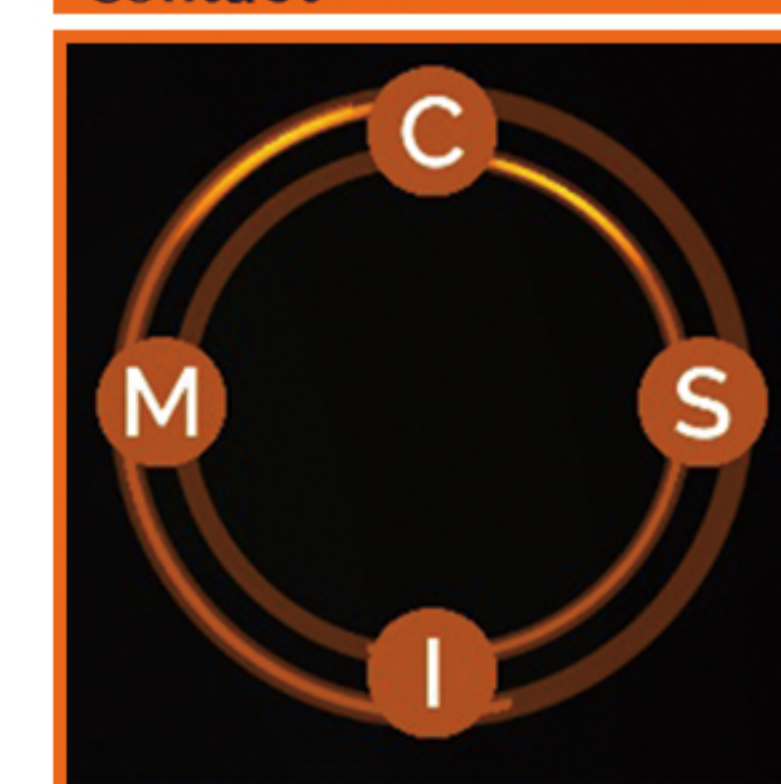

- MOVEMENT : Moves the player
- CONTACT : Make contact with objects (E.g. door locks, computers) and people.
- IMPLEMENT : Use a tool.
- SAVE : Saves current progress. This can be done almost any time, when the option is selectable from the window/menu.

Movement

Movement window
Movement is possible when the 3D window is active. Use the directional keys to move.

Contact

Contact window
Make contact with objects and people in front of you. The 3D window will display a character's face in the case of a person, or a sun mark in the case of an object.

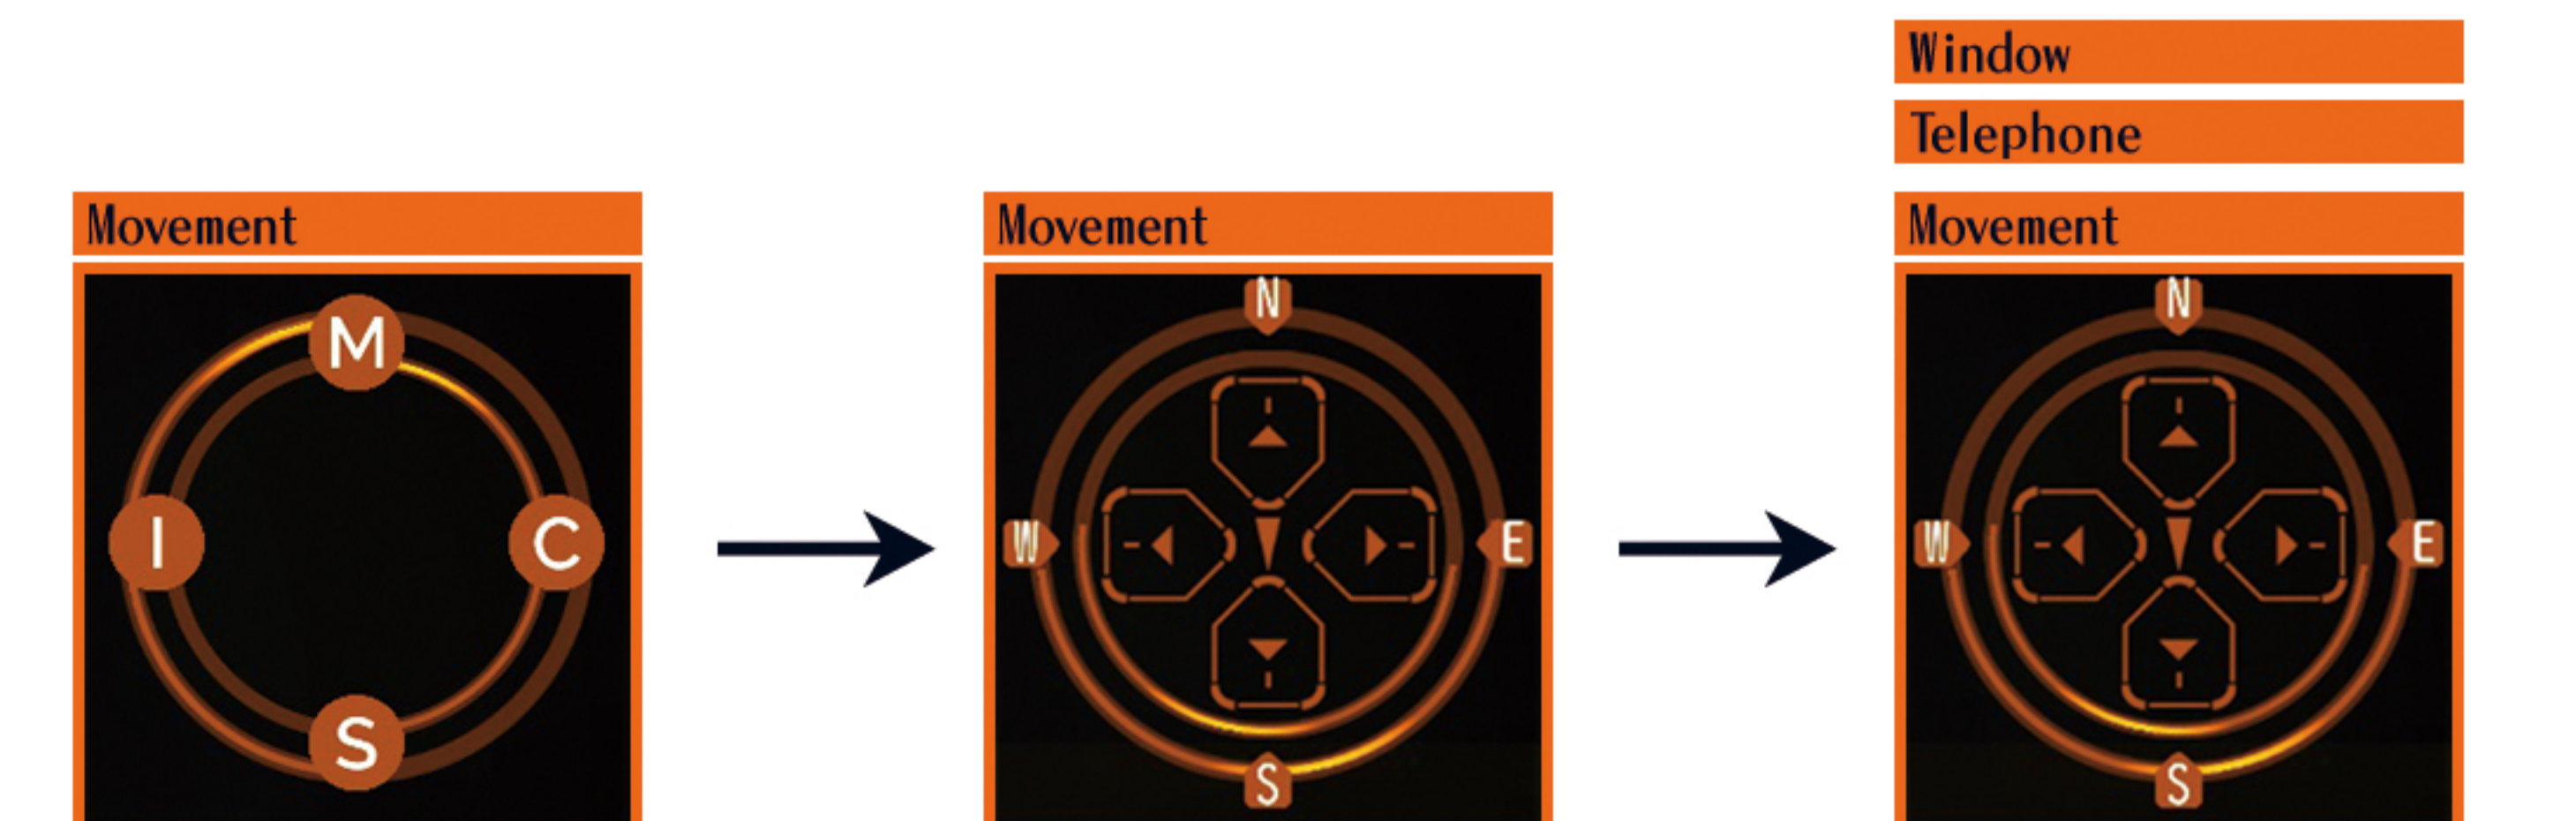

Implement

Item window
You can use an item in your possession. Items have various uses; some are used to operate objects in sun marks, others can be opened to reveal information to the player.

How to use the center button

In this game you can make use of convenient shortcuts. Every time you are moving, shortcuts will save time spent on selecting "MOVEMENT" or "CONTACT" from the menu/window, by performing the operation: Menu/window → Movement window → Contact window.
Commander Natsume: "Don't forget to use shortcuts!"

Settings

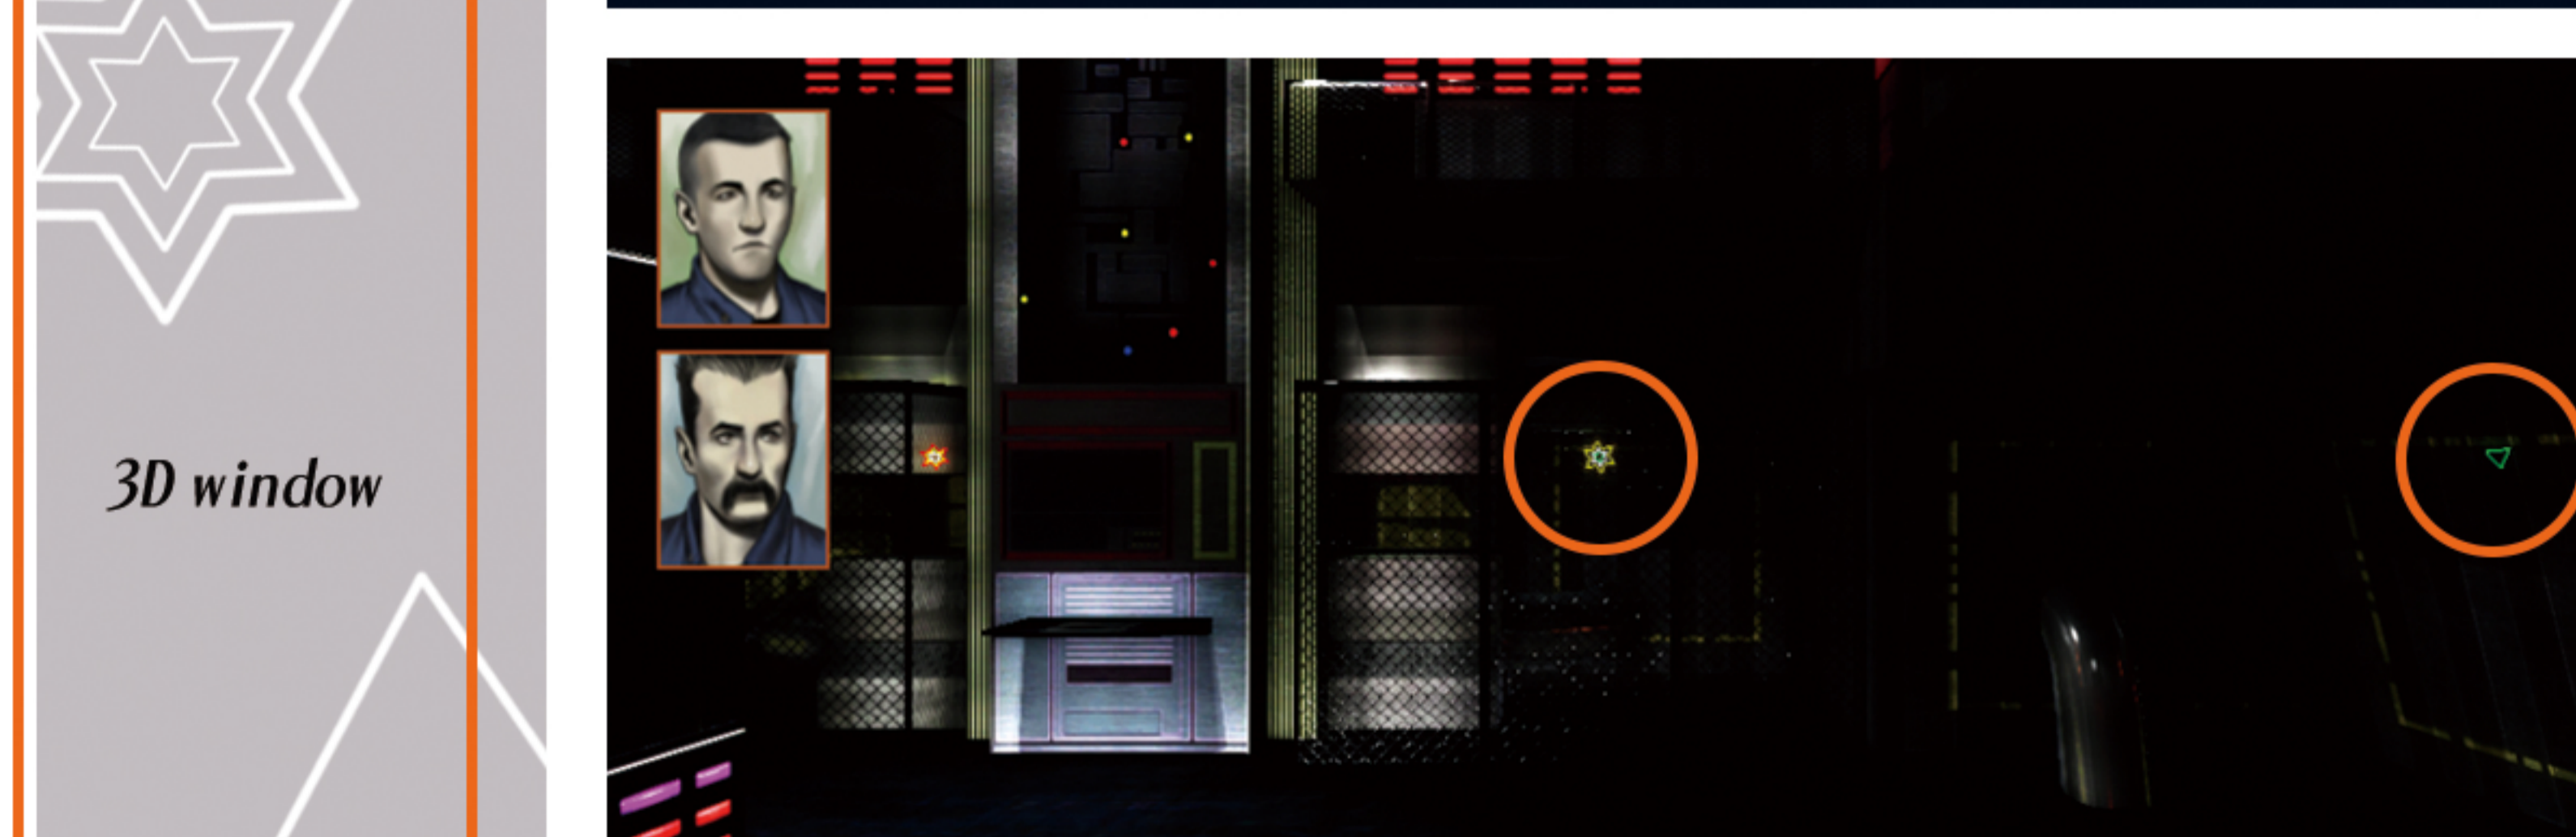

General Settings

- All menu and in-game text can be displayed in either English or Japanese.
- The game can be experienced in fullscreen or window mode.
- Choose your preferred display resolution.
- 3D Quality of lighting and textures can be adjusted. (Minimum quality is 40%.)
- Music and sound-effect volume can be adjusted to your preference.

Remaster Settings

- It is also possible to change settings between the original 1999 version and the remastered game. This includes:
- Movement speed
 - Text speed
 - Original music or Akira Yamaoka's new remixed version.
 - CG movies
 - Opening movie

3D Window Viewpoint

It is possible to move by proceeding to fixed points in the 3D window. Pressing the directional key towards the point you wish to move to will move your viewpoint in that direction. Simple marks are set up to guide you to each point. There are two types of simple marks.

● Sun mark

At sun marks, it is possible to make contact by facing in one of the four cardinal directions, or up/down. The player should aim to reach the sun mark. When you are at this point, an icon is displayed in the 3D window indicating which direction you should pay attention to.

● Triangle mark

A regular movement point. No particular events will occur here.

(Former TRO) (Former CCO)

(Former TRO) (Former CCO)

FSO = Frontier Faction (Conservative faction)
Operates as a nonprofit organization with the purpose of preserving the environment.

TRO = Techno Faction (Extremist revolutionary faction)
Mainly uses molecular biology-related technology to develop resources for countries bereft of natural resources.

CCO = Civic Faction (Civilian participation type)
Main operations include nursing care, education, and civilian patrol.

Private Citizen

Character of "The Silver Case"

"BGM of the 24 Wards"
Lyrics: Amemitsu Hachisuka

#Like a blanket of love...

Next City, next world - 24
The ideal civilian government
The proud chosen class
Our promised pristine city

#Showing them our passion...

A perfect life and an evolving metropolis
Public safety for all citizens
By the citizens, for the citizens
Our undeniable rights

#With pomp and circumstance...

Eradicating the spreading evil
An unprecedented collective of artisans
Protecting the peace in the big city
Uninvited crime-stopping power
They are called the Heinous Crimes Unit

*Take a deep breath and let your spirit roar!

Wonderful City
Wonderful System
Wonderful Government
Wonderful Municipality
Wonderful Life
Wonderful Education
Wonderful Future
Wonderful Present
Wonderful Past
Wonderful Days
Wonderful People

*Fight with all your heart!

Wonderful Me
