Important Health Warning About Playing Video Games

Photosensitive Seizures
A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these “photosensitive epileptic seizures” while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by taking the following precautions: Sit farther from the screen; use a smaller screen; play in a well-lit room; and do not play when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.
LURED BY PANDORA’S VAULT

Planet Pandora is a sparsely populated wasteland where the rule of law gets rewritten daily in the smoke of the last gun battle. Civilization consists of small outposts on the fringe of human influence, in an area called the Borderlands. Pandora’s one tourist attraction is a mythical Vault packed with fantastic riches, supposedly stashed eons ago somewhere on the planet by an advanced alien culture.

Fortune hunters, corrupt corporate mercenaries and lowlife bandits roam the landscape, searching under every grain of sand for the treasure. Since most intelligent life on Pandora has the occupation of Vault Hunter, society has gone to hell—making the outposts and outback areas damn dangerous. And with hundreds of thousands of weapons at their trigger fingertips, why talk things over when machine gun fire settles disagreements much more effectively.

Think you can find the Vault? Maybe go it alone? You bet you’re tough enough…. Keep all that loot for yourself…. Or bring in a few allies to watch your back. Cooperation could be vastly profitable, And it’s wise not to be the only item on the menu when a pack of starving skags breaks loose.

You are ready to risk it all. But whether you’re a Soldier, Hunter, Siren or Berserker, the real quest is freeing the formidable powers within yourself. Every firefight makes you stronger. Every successful mission pushes your deadly skills toward the next level. The conquest of the Vault is about to unfold and with it—your story.

INSTALLATION & START UP

INSTALLING THE GAME

1. Insert the BORDERLANDS disc into your DVD-ROM drive.
2. If Autoplay is enabled on your system, a window will appear, giving you the option to install the game. If nothing happens when you insert the DVD into the drive, you will need to open “My Computer,” double-click your DVD-ROM drive letter and then double-click Setup.exe.
3. Once the setup process begins, follow the on-screen prompts to install the game. These are explained in further detail just below:
   a. Select the language you will install the game in and then click the OK button.
   b. Be sure you have exited all other Windows programs before continuing with the installation. Read the warnings on the first screen, then click the Next button. If you still have programs open, click the Cancel button and restart the installation once you have closed all other programs.
   c. Read the License Agreement, and if you agree to the terms of the agreement, select “I accept the license agreement” and click the Next button. If you do not agree with the license agreement, you will not be allowed to continue with installation.
   d. To personalize your installation, enter your full name and the organization you are with. You can install these settings for just the current user or for all users who share your computer. You must have administrator rights to install the settings for all users.
   e. The Installation Wizard will install the files for BORDERLANDS in the folder suggested, or you can change the Destination Folder by clicking the Browse button and choosing a different folder to install the files in. When you have chosen a Destination Folder, click the Next button to continue.
   f. The game is now ready to begin installing the application. To install BORDERLANDS, click the Next button. If you need to go back to a previous option, click the Back button. If you would like to cancel the installation, click the Cancel button.
   g. The Wizard will now begin installing BORDERLANDS, if you need to cancel the installation while this process is occurring, click the Cancel button. Otherwise, please wait for the installation to finish.
   h. Once the installation has finished, a new screen will appear telling you that BORDERLANDS has been successfully installed. Click the Finish button to exit the installation.

RUNNING THE GAME

After the installation process completes, select PLAY from the Autoplay Menu. The BORDERLANDS disc must be in the drive in order for you to play the game.

USER PERMISSION

You must have administrative privileges on your computer to install BORDERLANDS.

DIRECT-X® DETECTION / INSTALLATION

During the installation of BORDERLANDS, your system will be scanned to determine whether you have installed the DirectX® version contained on the Borderlands disk. If you have not, the installation will automatically update your version of DirectX®.

CREATING PLAYABLE CHARACTERS

CHOOSE YOUR CHARACTER.

Get an introduction to the four game characters (← / → or ↓) on the bus ride. Choose one as your playable character as you arrive at Fyrestone, the first outpost on Pandora.

CLASS ACTION SKILLS & WEAPON PREFERENCES.

Each character represents a class of fighter with special weapon talents. Additionally, each possesses Skills, powerful combat techniques that develop as characters gain combat experience. The decisions you make during the quest will create a character that is unique from all others—even those from the same fighter class.

CHARACTERS ALWAYS RETAIN ATTRIBUTES.

Your character takes all earned and saved attributes wherever he or she goes. When your character joins a multiplayer game hosted by another player, he or she brings all saved attributes, including level, XP, weapons and loot to that game. All character enhancements earned by your character during that game will be saved.

Note: Plot Mission and Playthrough data in multiplayer games are determined by the Host player.

CHARACTERS

ROLAND

Soldier and former Crimson Lance mercenary, able to launch Scorpio Turret, a weapon that attacks automatically while shielding Roland. Rifles and shotguns are his standard-issue weapons.

LILITH

Siren Phasewalker who can fight invisibly with extreme speed. She prefers guns firing incendiary, shock and corrosive rounds.

MORDECAI

Hunter whose bird of prey, Bloodwing, follows him into battle. Mordecai is a sniper rifle master favoring the revolver as a sidearm.

BRICK

Berserker who annihilates adversaries with his fists while in an almost indestructible rage state. When not pulverizing enemies by hand, Brick fights using explosive weaponry.
## CONTROLS

You can play BORDERLANDS using a keyboard / mouse or the Xbox® 360 Controller for Windows.

YOUR CHARACTER STATUS

1. **CO-OP TEAMMATE** Your teammate’s identifying icon and name, shield and health bars, level and Class mod icon.

2. **SHIELD BAR** Shows your shield strength level. A shield absorbs the force of attacks and will lose hit points until it fails. Depleted shield strength recharges if not under attack.

3. **HEALTH BAR** Shows your health level. Under attack, each hit decreases the health bar (unless your character carries a shield). When the bar runs down, you begin fighting for your life. You may die, or you may get a second wind, depending on your actions. For an instant respawn while dying, hold E or X.

4. **ACTION SKILL ICON & SKILL POINTS** Your Action Skill icon, topped by your current Skill Points, if you have some. If you don’t yet have your Action Skill, this section of your HUD will be blank.

5. **CRITICAL ICONS** Blue icon appears when shield strength level is critical; red icons appear when health level is critical.

6. **LEVEL / CLASS MOD** Your current level and Class mod.

7. **SKILL ICON / GAUGE** (Not shown.) Icons appear here depicting your character’s Skills, once purchased. When you press F or Y to use the displayed Skill, the icon changes to a gauge showing the depletion of Skill energy. (Gauge does not apply to Mordecai.) You can use the Skill until all energy is depleted. Skills must cool down after use, delaying their next use.

8. **COMPASS** Shows normal compass points plus other indicators, described on page 9.

9. **AMMO** Number on the left indicates rounds remaining in the equipped weapon; when it gets low, press R or X to reload. Number on the right indicates total rounds in reserve; when this hits zero, change weapons and find more ammo. Icon indicates type of ammo being used.

10. **GRENADES** Grenades remaining and Grenade mod icon, if equipped.

11. **SKILL ICONS** Icons show your Skills currently in force. These icons appear (and the Skills are activated) in battle when you make your first kill. Shortly after the battle ends, the icons vanish, and will reappear after the first kill of your next battle.

12. **ATTACK ALERT** Red flashes at edges of HUD indicate direction of incoming attack: Top flashes are frontal attack, bottom flashes are rear attacks; side flashes are lateral attacks.

13. **MISSION TASKS** List of tasks for current mission. Checkmarks appear as you complete tasks. When relevant, tasks show a current count (left of slash) and number required to complete the task (right of slash), such as 7 / 8.

14. **AUTO-SAVE ICON** While this icon is on-screen, the game is auto-saving. Do not turn off power to the game during auto-save or your progress will be lost.

ENEMY STATUS

15. **ENEMY ID** Look at this to identify the enemy and check its power level.

16. **ENEMY SHIELD & HEALTH BARS** Blue bar (top) shows enemy shield strength level. A honeycomb image flashes here briefly when you hit a shielded enemy. Red bar shows enemy health level. Skull icon indicates the enemy is much more powerful than you.

17. **CRITICAL HIT** Appears when you damage an enemy’s weak spot.

18. **HIT POINTS** Amount of injury caused to an enemy when it takes damage.

COMPASS ICONS

- **NEW U STATION** Position of registration station where you can check your stats and reset your Skill Points.
- **ENEMY** Position of hostiles, including humans and lethal wildlife.
- **BUDDY** Position of buddies during multiplayer games.
- **LOOT** Money, items, weapons and other rewards you want and need.
- **BOUNTY BOARD** Check the Bounty Board for Mission opportunities.
- **WAYPOINT** Position of the tracked mission objective. If you have multiple missions in progress, you can change the tracked mission on the Mission Log.

OTHER ICONS & INDICATORS

- **RELOAD** Press R or X to reload your equipped weapon.
- **USE** Press E or X to use an equipped item.
- **CROUCH** A reminder that you are crouched. Press C or B to toggle crouching / standing.
- **GENERIC ACTION SKILL** Appears above your Shield Bar until you gain your Action Skill.
- **OFF-SCREEN BUDDIES** Names and arrows identify off-screen buddies and their locations.
GAME SCREENS

NEW-U STATION SCREEN

New-U Station registration captures your DNA. From then on, when you take a fatal bullet or get torn to shreds by vermin, New-U Stations reconstruct your character from a saved DNA file with every hair and weapon in place... for a fee.

New-U Station’s other services include:

**CHANGE NAME** Give your character a unique name for file-saving purposes. Select the name field to open the keyboard and enter a new name. Use this saved character and all its attributes for any BORDERLANDS gameplay mode.

**CHANGE CLOTHING COLOR** Highlight a Color feature, press ENTER or A, highlight a new color and press ENTER or A again.

**RESET SKILL POINTS** You can regain Skill Points formerly used to activate specific skills in order to apply them to different skills. This is a fee-based service. You never lose earned Skill Points. Redistribution simply frees up your accumulated Skill Points for reuse.

**FAST TRAVEL** Teleport to any completed mission area using the Fast Travel feature. Press (comma) / . (period) or A / Z to select the Rabbit icon at the top of the New-U Station screen. Select your chosen destination for instant teleportation.

**CHARACTER SCREEN**

This screen gives a quick rundown of a character’s weapon proficiencies, ammo levels, cash, current level, XP, shield strength and health. Weapon proficiency increases with use.

CHARACTER POWER

Characters gain strength through battle victories and mission success. As they become ever stronger, the unique Action Skill of each character comes into play, followed by increasingly more powerful skills.

**XP** Your character’s experience. Enemy kills, mission success and Challenge completion increase XP. XP rating reads as two numbers: Current XP on the left, Level Up XP requirement on the right, such as: 5462/8997.

**LEVEL** A character’s Power. Earn XP to level up. Higher level characters have longer health bars, can carry stronger shields and have higher weapon proficiencies to inflict more damage. Leveling up also results in Skill Point awards needed to buy Action Skills. Weapons and upgrades have level requirements.

**SKILL POINTS** Sometimes when you level up, you receive a Skill Point. Use these special rewards to enhance character skills. You must spend your first point on the Action Skill.

MISSION SCREEN

Your journey to the Vault involves accepting and completing missions. During each mission, you grab loot that includes weapons, ammo, items and more money. Mission success earns you further rewards of cash, items and/or XP.

Find missions by: talking to people who need your services; checking Bounty Boards found throughout Pandora; and listening to your Guardian Angel when she appears with a request.

When you talk to a Pandorian who needs some task performed, the Mission screen appears as you listen. On the Mission screen you can:

- Listen to (or read) someone’s pitch to sell you on a mission. If you accept (ENTER or A), that mission appears under the “In Progress” heading. You can refer back to mission details on the Mission log.

Before deciding to accept a mission, check out the reward on the lower right of the screen, where you can also view the level of difficulty. Accept the mission by selecting the mission name on the right of the screen.
SKILLS SCREEN

Purchase Skills with Skill Points earned by leveling up. You must spend your first Skill Point on your character’s Action Skill.

Each character’s Skill set is divided into three Skill Trees of differing Skill types. For every 5 points spent in a Skill Tree, a lower row in that Tree is unlocked. Distribute your Skill Points to different Skill Trees, or apply them to only one Skill Tree (max 5 points per Skill).

Your character will never lose the Skills you purchase unless you redistribute your Skill Points at a New-U Station.

ROLAND
Action Skill: SCORPIO TURRET - Auto-attacks enemy forces and deploys shields for cover.
Skill Trees:
1 INFANTRY - Improved weapon performance.
2 SUPPORT - Ammo and shield regeneration.
3 MEDIC - Speed healing and revive allies.

LILITH
Action Skill: PHASEWALK - Invisibility combined with astonishing speed.
Skill Trees:
1 CONTROLLER - Daze enemies, speed healing, reduced recovery time for Phasewalk.
2 ELEMENTAL - Elemental Powers including increased damage to enemies and resistance to damage.
3 ASSASSIN - Increased critical damage with firearms and deadlier hand-to-hand attacks.

MORDECAI
Action Skill: BLOODWING - Predatory pet hunts down enemies, attacks and returns to Mordecai.
Skill Trees:
1 SNIPER - Increased sniper rifle accuracy and damage.
2 ROGUE - Bloodwing becomes more lethal and dead enemies give up more loot.
3 GUNSLINGER - Increased fire rate and bullet damage.

BRICK
Action Skill: BERSERKER - Deliver hammering punches while exhibiting extreme damage resistance and accelerated healing.
Skill Trees:
1 BRAWLER - Berserk episodes lengthen with shorter cooldown, and he hits harder.
2 TANK - Health and shield resistance increase; briefly invulnerable after a kill.
3 BLASTER - More lethal explosions, faster reloading and rocket regeneration.

INVENTORY SCREEN

BACKPACK - Holds weapons, shields, med kits, mods and other items not yet equipped.

BACKPACK CAPACITY - Shows current number of items in the backpack and maximum allowable items. Upgrade your backpack’s capacities with a Storage Deck Upgrade (SDU). SDUs increase storage capacity, including backpack capacity, number of equipped weapons, ammo maximums, and grenade count maximums.

EQUIPPED - Check your weapon, shield, grenade mod, and class mod slots.

SPECIFICATIONS - Highlight an item to view its specs and current market value (if you’re thinking of selling it at a Vendor). Highlight two like items such as weapons and press ENTER or X to compare specifications.

AMMO - The top number is how much ammo you have. The bottom number is the maximum ammo allowed for your level.

MOVING WEAPONS BETWEEN EQUIPPED MENU AND BACKPACK

The Inventory displays equipped items and your backpack contents: weapons, med kits, etc. Locked weapon slots open up as you progress through the game. To use a weapon or other item, you must equip it in one of the equipped slots.

• To equip or switch an item, highlight the item you want from the backpack, press ENTER or A, highlight the item or the slot you want to equip it in, and press ENTER or A again.

• To unequip an item, highlight a slot and press ENTER or A to toss the item in the backpack.

• Drop an item from Inventory by highlighting it and pressing SPACEBAR or Y.

QUICK SWITCH WITH SEVERAL WEAPONS

You can equip as many as four weapons when all Equipped slots are unlocked. Press the 1-4 keys to select weapons 1-4.

When using a game controller, when only two weapons are equipped, press Y to switch weapons. When three or four weapons are equipped, hold Y to display your Equipped Weapon selector, then use L to grab the weapon you want.
LOG SCREENS
Press SPACEBAR or Y to cycle through the logs.

MISSION LOG
View in-progress or completed mission data. Select a mission, then select a log.

TRACK
Create or change a waypoint. Waypoints, indicated by Diamond icons on both the Compass and Map screens, guide you to mission objectives. Though you can accept multiple missions, you can only track one at a time.

REVIEW DETAILS
Check the details of your mission by reviewing a transcript of who gave you the mission and what was said.

REWARDS
View the reward you will receive for mission completion.

XP
View your current XP and XP needed to level up.

CHALLENGE LOG
Test your skills and earn extra XP by taking challenges. Select a challenge from the list to see what is required. Completed challenges are checked off. (Completing challenges earns XP, though it doesn’t get you any closer to the Vault.)

Echo Log
Come here to listen to what was said during previous missions. Maybe you’ll catch a reminder of some detail. Select an Echo recording to listen. Each recording is listed by mission name.

MAP SCREEN
To quick-open the map, press M or hold B • . Use the ARROW KEYS or X to scan / scroll the map. Press ENTER or L / R to zoom the map in / out. Icons on the map mark the locations of items of interest.

YELLOW ARROW
Your character’s position.

WAYPOINT
Marks the location of your currently tracked mission objective. You can change the waypoint to a different in-progress mission on the Mission log.

VEHICLE STATION
Find a Catch-a-Ride Station here.

HEALTH STATION
Get medical attention here.

SHOP
Location of a vending machine that sells weaponry.

Bounty Board
Find a mission on a Bounty Board.

OUTPOST
Isolated areas of human population.

TRANSITION
Indicates a portal between regions.

UNDISCOVERED
You haven’t been here yet.

VENDING MACHINES
Vending machines offer weapons, ammunition, weapon upgrades, medical supplies and shields. Press , (comma) / . (period) or LB / RB to display the Buy, Sell or Buy Back screen. Use ○ to highlight an item and note item descriptions or compare products. Though you can purchase any item you can afford, some of them can only be equipped after your character has achieved a certain level.

• At the weapon vendor, current ammo inventory and cash reserves remind you what you need and what you can afford.
• The featured “Item of the Day” is usually for sale for a limited time only.
LOOT
Pandora is littered with loot, including money, weapons, ammo, upgrades and mods. Take loot from dead bodies, or find it hidden away or in piles of junk.

- Press E or X to pick up loot, or to pick up a weapon.
- Press and hold E or X to pick up all items grouped close together, or to equip and take a weapon in hand.

WEAPONS AND AMMO  Note details about a weapon when you approach it. You may decide not to take it.

MONEY  Use money to buy weapons, ammo, shields and medical supplies. Pay for reconstructing your bullet-riddled corpse.

INSTA-HEALTH VIAL  Give yourself a small health boost.

CLASS MODS  Class-specific modifications enhance character attributes for the stated class only. (For example, a class mod for a Soldier will not help a Hunter, Siren or Berserker.) Equip Class mods on the Inventory screen.

GRENADE MODS  These enhance your Protean Grenade performance. Equip Grenade mods on the Inventory screen.

SHIELD MODS  These enhance the protective powers of your shield. Equip these mods on the Inventory screen.

ERIDIAN ARTIFACT  These rare finds enhance the Skills of specific character types.

CATCH A RIDE (VEHICLES)
Catch-A-Ride offers armored vehicles at stations throughout Pandora. (On the map, look for the Vehicle icon. Press , (comma) / . (period) or LT / RT to alternate between the two vehicles.) In multiplayer games, two players can ride in the vehicle. Once you have a vehicle, you can:

PAINT IT  Before taking your vehicle into battle, give it a custom paint job and name. Select the color box to display the color/names schemes.

SPAWN IT  Create your ride and either teleport to the driver’s seat or turret or close the screen and walk over it.

FIX IT  Stuck? Jump out of the vehicle and give it a whack (V or H) to move it. (Don’t beat your vehicle to death.)

NITRO-BOOST IT  Use Nitro-boost (F or A) for huge acceleration. The Boost Gauge displays remaining charge. When depleted, Nitro-boost recharges gradually.

PAUSE MENU
RESUME  Return to gameplay.
OPTIONS  Adjust various game settings.
VIEW LOBBY  Additional players can join a game in progress by loading their saved character during a game pause.

MULTIPLAYER GAMES

Up to four players team up to search for the Vault.

- If playing on a game hosted by another player, you can load a character created in a previous BORDERLANDS game. Your character enters the new game with level, Skill data and weaponry saved from previous games. Advanced-level characters can load into a new game and team up with new and beginning characters.

- Mission difficulty increases as more players join the quest. Enemies attack with more ferocity and are tougher to take down. The payoff gets richer, including bigger mission rewards and heavier, deadlier weapon enhancements.

- All players must remain within the same mission area. Split the loot—share money and ammo among the team. Save your partner’s life (E or X) if he or she is shot up and dying.

- Who’s toughest? Smack a team member (V or H). If he or she accepts the challenge by nailing you, the duel is on. Pick a fight anywhere or wait until you find an arena designed for fighting.

LOADING A MULTIPLAYER CHARACTER

LOAD CHARACTER  Shows available playable characters as a list of saved game characters with their stats, including level, class and name.

PLOT MISSION  The mission begins and is determined by Player 1’s progress through the game.

PLAYTHROUGH  Shows the current game playthrough for the Player 1 character.

For example, if this is the first game, the number is “1.”

Note: Plot Mission and Playthrough data in multiplayer games are determined by the Host player.

SET UP

MULTIPLAYER ONLINE  Play a multiplayer game on the Internet.

MULTIPLAYER LAN  Play a multiplayer game via a Local Area Network.

KEY PANDORIANS

CLAP-TP GENERAL PURPOSE ROBOT {CLAPTRAP}
Programmed as your tour guide, this chatty little box provides useful guidance. Though it gets shot up now and then, it never lets you down.

DR. ZED BLANCO
This “defrocked” doctor maintains and repairs Healing Stations. His vending machines serve your medical and shield needs. Help him out from time to time for a little reward.

MARCUS KINCAID
Gun dealer? Bus driver? Commerce net entrepreneur? If it turns a profit, Marcus turns up. His vending machine operation will keep you broke buying weapons and ammo.

GUARDIAN ANGEL
She appears out of nowhere with encouragement, information and mission offers. She will not steer you wrong.

SKAGS
Predatory Skags attack alone and in packs. Skags will even run into the middle of a gunfight and start gnawing on combatants. Don’t let them get close. You’ll be sorry.

RAKK
These murderously territorial flying creatures flock in and shred anyone who invades their turf. Their nest is even more horrible than they are.

LICENSE. Subject to the Agreement and its terms and conditions, Licensor hereby grants you the non-exclusive, non-assignable, non-transferable, limited and non-sublicensable license to install, use and service the Software on any one machine or system of which you are the sole owner. This Agreement shall commence on the date that you install or otherwise use the Software and end on the earlier of: (i) the date of expiration of your disposal of the Software or the Licensor’s termination of this Agreement; (ii) the date on which you are no longer entitled to the use of the Software in accordance with the Agreement, or (iii) the date on which the license is retired or otherwise terminated by Licensor. You may not use the Software for any other lawful purpose. By using this Software you consent to the operation of the Technical Protection Measures. You may not reverse engineer, disassemble, bypass, disable, or otherwise attempt to circumvent the Technical Protection Measures.

II. INFORMATION COLLECTION & USAGE

By installing and using the Software, you consent to the information collection and usage practices as described herein. Licensor, its licensors and their affiliates may collect certain information from you or your computer or computer network. This information includes data relating to user details (including certain identifying information such as user IDs), personal and/or non-personal information, and information relating to your computer configuration and specifications, including hardware, operating system and internet connection information. Licensor, its licensors and their affiliates collect this information to improve your experience with the Software, to provide you with better content and services, and to help us ensure secure operation of the Software.

III. WARRANTY

LIMITED WARRANTY. Licensor warrants to you (if you are the initial and original purchaser of the Software) that the original storage medium holding the Software will be free from defects in materials and workmanship under normal use and service for 90 days from the date of purchase. Licensor warrants to you that this Software is compatible with a personal computer meeting the minimum system requirements listed in the Software documentation or if it has been certified by the gaming unit producer as compatible with the gaming unit for which it has been published, however, due to variations in hardware, software, internet conditions and other factors, there is no assurance that this Software or the software used in conjunction with it will function properly on your computer or gaming unit. Licensor does not warrant against interference with your enjoyment of the Software. If you believe that this Software will not meet your requirements, or if you believe that the Software will be incompatible with your computer or gaming unit, then you should not use the Software. If you determine that the Software does not perform to your satisfaction, you may return the Software to the place of purchase for a refund within 90 days of purchase of the Software.

EQUITABLE REMEDIES. You hereby agree that in the event that this Agreement is not performed by the Licensor in accordance with its terms, the remedies at law are inadequate and therefore you agree that Licensor shall be entitled, without bond, other security, proof of damage, to appropriate equitable remedies with respect to any alleged breach of contract, other alleged tort, or any other alleged wrongdoing.

INDENTUARY. You agree to indemnify, defend and hold Licensor, its licensors, licensees, contractors, distributors, employees, agents, employees harmless from all damages, losses and expenses arising directly or indirectly out of your contributions to any software pursuant to the terms of the Agreement.
